

Water Safety Policy

Introduction:

The safety and supervision of children in and around water is of the highest priority. Whilst water hazards at our service are kept to a minimum, we acknowledge that buckets, water troughs, sinks and toilets can all be hazardous for children and diligent supervision is required.

Aim:

◁Our service has a responsibility to protect the health, safety and wellbeing of each child at all times. Drowning is the leading cause of death for children aged 1-4 years in Australia. While most drowning occurs in backyard swimming pools, it is important to be aware that children can drown in as little as 6cm of water

◁To ensure the safety and supervision of children in and around water. This relates to water play, excursions, drinking water and hygiene practices with water in our preschool environment.

◁Children's safety and wellbeing will be protected in and around water through supervision and prevention and be promoted through the availability of clean, hygienic water for play and for drinking.

Implementation:

Water Safety

◁ Children will be supervised at all times in and around any body of water including water troughs, toilets and buckets.

◁ Educator:Child ratios will be increased where appropriate/necessary around water at all times.

◁ No child will be left unsupervised at any stage around any body of water.

◁ A risk assessment will be conducted prior to any excursion taking place. Particular attention will be focused upon water safety where the excursion is near a body of water.

◁ Hot water is not accessible to children.

◁ Children requiring bathing will be bathed using a washcloth and warm water.

◁ Educators are not permitted to consume hot drinks in any area accessible to children.

Water Hygiene

◁ Grey water systems or water tanks will be labelled with "do not drink" signage and the children will be supervised in this area to make sure they are not accessing this water for drinking.

◁ Educators will discuss with the children that this water is for the purpose of play and not for consumption.

◁ Water troughs will be emptied or covered when not in use.

◁ Creek bed will be emptied after morning play

◁ Borrowed drinking water containers will be emptied and cleaned daily.

Roles and Responsibilities:

Approved Provider will:

◁ Ensure the service operates in line with the Education and Care Services National Law and National Regulations 2011.

Nominated Supervisor will:

- ◁ Ensure children are adequately supervised and are protected from harms and hazards.
- ◁ Provide supervision, guidance and advice to ensure adherence to the policy at all times.
- ◁ Ensure risk assessments for excursions planned near water identify a higher staff to child ratio to ensure adequate supervision.
- ◁ Ensure First Aid and CPR qualifications and requirements are met at all times.
- ◁ Provide families with community messages regarding safe water practices.

Early Childhood Educators will:

- ◁ Include water safety messages into the children's education program.
- ◁ Ensure water troughs or containers for water play are filled to a safe level and emptied onto gardens or covered securely after use.
- ◁ Ensure water troughs or containers are only filled while in attendance by an adult at all times.
- ◁ Ensure no child is left unattended at any time with any body of water.
- ◁ Empty buckets used for cleaning immediately after use.
- ◁ Ensure no cleaning buckets are left in areas accessible to children.
- ◁ Prevent children from drinking grey water.
- ◁ Provide clean drinking water at all times.

Families will:

- ◁ Reinforce water safety practice with children.

Evaluation:

The health, safety and wellbeing of all children will be of highest priority.

Families and staff are essential stakeholders in the policy review process and will be given opportunity and encouragement to be actively involved.

In accordance with R. 172 of the Education and Care Services National Regulations, the service will ensure that families of children enrolled at the service are notified at least 14 days before making any change to a policy or procedure that may have significant impact on the provision of education and care to any child enrolled at the service; a family's ability to utilise the service; the fees charged or the way in which fees are collected.

Legislative Requirements:

- ◁ Education and Care Services National Law Act 2010: Section 165, 167
- ◁ Education and Care Services National Regulations: Regulation 168(2) (h)&(a)(iii)
